B-Da Sufi

B-Da Sufi is an independent hip hop artist/Emcee from West-Africa. B-Da Sufi is now residing in Oslo, Norway, where he has developed an own multilingual style. B-Da Sufi raps in English, Norwegian, wolof and other languages. The mix of different languages gives B-Da Sufi a unique and interesting style of hip hop. He has released 5 studio albums, and is a very popular artist in West-Africa. He is a vivid and mesmerizing live artist.

In November 2018 B-Da Sufi released his latest album "Flowing into the Blues". The blues community in the north may have influenced him, but the colours and flavor found on B-Da Sufi's new album come from Mali. B Da-Sufi continues his musical journey. To reach the reach the audience in Scandinavia, the lyrics of his music has been more English. Expect that to change on the following records. Oslo may give the rapper a free space to play around creatively, but Senegambia is his heart and soul. Wolof is coming back..
